

RED VENTOUX

CAROLINE BONNEFOY

SOIL

Vineyard located on the northern slopes of Mont Ventoux, clay-limestone soil and subsoil.

GRAPES VARIETIES

Grenache, Syrah et Carignan

VINIFICATION

Short fermentation, about 8 days, which allows to preserve the fruit aromas.

TASTING

Deep red wine. The nose is very expressive and develops aromas of red and black fruits (mainly raspberries and blackcurrants). In the mouth, it is a generous and fruity wine.

FOOD AND WINE PAIRING

To be enjoyed with all types of dishes but especially with grilled meats and exotic dishes.
